Primary Job: Shayne Law Group, New York, N.Y. 2010-Present Position: File Clerk, Research Assistant, Technical Assistant, Office Assistant.

The previous three generations of Shaynes have all been involved in international trade in either shipping or law. I felt compelled to explore a career in this field as well. While the work has sometimes been interesting and challenging, and I have been able to take on a fair amount of responsibility, I have decided that international trade is not a career path that I want to pursue. My passion to work in media is still much greater.
